

II. Develop Beach City Emergency Management Plan.

Mayor Persiani said that there is an Emergency Management Plan; it is book of the combination of quite a few different documents that have come across over the years. The Mayor, after reviewing some of the information, said he has a question and it is "what is our Emergency Management Plan"? He could go to meetings and pass that information back when we essentially took orders from the Governor and the County Judge. We signed off on a document and entered into an Inter-local with the County. We are nothing more than in a responding process. Mayor Persiani said he feels our plan is to adopt this plan and say we will open up the office as soon as possible for a point of contact and then they can add to that things like, "we will put out preliminary information". The Mayor said he would take enough time to review this until he understands what it is really saying that we should do and if it is alright he thinks our plan would simply be to sign some basic sheets.

III. Adjourn

Mayor Persiani adjourned the meeting at 8:00 P.M. Monday, June 22, 2009.
