

Photos & Phones Etiquette

- Please put phones on silent, vibrate, or turn to off while inside.
- Please do not take/make calls while in the voting poll areas.
- Once you enter the building, **no selfies allowed** (because you may inadvertently get others in the background.)
- You MAY take a photo of **just your ballot** when you are in a poll booth. Again, no selfie.
- You MAY take selfies outside the building with your “I voted” sticker to celebrate the process.
- If you are a member of the press, you may take a photo from the public area for reporting purposes.
