## **Fall Leaf Collection**

When raking leaves, *PLEASE place the piles between the sidewalk and curb and do not rake them into the street as this clogs the storm drains.* Our crew will rake the leaves into the street prior to vacuuming them up. Leaf pick up will start as soon as there is enough leaves to warrant the start of the leaf machine. Until that time please bag your leaves and they will be picked up on Monday's. They will start in the North West quadrant and work around the City in a clockwise rotation. All we ask is that you keep the limbs and sticks out of your leaf piles. Thanks for your attention to this matter. Enjoy the color!

## **Elevated Health & Performance Chiropractic Center**

Dr. Temple and his family joined the Bronson Community in July of 2016. He is a Life University graduate, originally from the small town of Bryan Ohio. Not knowing much about the area or the office, he came in with a positive attitude with hopes of turning the Bronson Chiropractic office around. May 1<sup>st</sup> of this year he was able to purchase the office from the previous owner, and this was when, once again, the name changed to Elevated Health and Performance. Since then the office has gone through some major renovations and completely updated so that it provides a more welcoming feeling for his patients. With a strong passion for helping others, Dr. Temple is very active in the Bronson community. He is the team doctor for the Bronson athletic department, helps out with the wrestling program when time allows, and stays actively involved with many other things in the area.

Our office is different than most other chiropractic clinics. Not only do we offer a variety of services such as Non-Surgical Spinal Decompression therapy, Specialized Neuropathy Treatments, Cold Laser Therapy, and much more, but Dr. Temple also utilizes several different adjusting techniques to accommodate all patients. He recognizes that not every patient is the same and has different preferences as to how they like to be treated. In the office we like to have fun; and there is certainly never a dull moment. Most of the patients are greeted by Dr. Temple's 2-year old daughter Kinley with a big smile, lots of laughter, and she may even accompany you back to the adjusting table. In addition to, Dr. Temple's wife Alyssa helps out around the office from time to time. July 22<sup>nd</sup> of this year they were blessed with a son, Merik, so if you're lucky enough to be here while she is doing some work, you may just get to play with a baby for a bit! All of our patients love the "family feel" we have brought to this office and are beyond excited to finally have a chiropractor that is here to stay! Dr. Temple and his family love the Bronson community and looks forward to serving the area for years to come!

So, if you are ever in need of some care please stop on in or give us a call. The office number is 517-369-1455 or you can message us on our Facebook page at EHP Chiropractic Center. We will be hosting a patient appreciation day October 17<sup>th</sup> providing food, drinks, free exams and consultations to any new patient that comes to the office, and a complimentary chair massage! If you are interested stop on in as we will be taking walk-ins all day or give us a call to let us know you will be attending! Lastly, we just want to thank the people of Bronson for their support over the past couple years that we have been here!
