**VEHICLE DEFINED:** Every device in, upon, or by which any person or property is or may be transported or drawn upon a public roadway, excepting devices used exclusively upon stationary rails or tracks. Any equipment requiring State of Idaho licensing to be used on public roadways. This would primarily include cars, trucks, recreation vehicles, all-terrain vehicles, motorcycles, and trailers as defined in the Idaho Code (Title 49, Motor Vehicles). Motor vehicle does not include vehicles moved solely by human power, electric personal assistive mobility devices and motorized wheelchairs or other such vehicles that are specifically exempt from titling or registration requirements under Idaho Code. Equipment intended solely for agricultural purposes is exempt.

**Provisions for Vehicle Hobbyist/Collector Use:**

- Vehicles will be kept out of sight from all public rights of way and public spaces and stored in an orderly manner.
- A Vehicle Hobbyist/Collector Permit is required and must be obtained through the Development Services Department prior to using the property for hobby vehicle storage.
- Only incidental buying/selling of vehicle components is allowed.
- The owner/applicant is responsible to comply with Idaho Department of Environmental Quality (DEQ) requirements for preventing ground penetration of hazardous liquids.
- The owner/applicant must prevent vehicles from becoming a rodent habitat or any other public health nuisance.
- The owner/applicant must immediately remove any vehicles that exceed the permitted number shown in the table below.
- Mobile and manufactured homes/Recreation Vehicles shall not be allowed as hobby vehicles.
- The maximum number of vehicles allowed per parcel (or contiguous parcels if under the same ownership), based on conforming parcels within each zone, is set forth in the following table:

| <b>ZONE</b>          | <b>Number Allowed</b> | <b>Comment</b> |
|----------------------|-----------------------|----------------|
| <b>A1</b>            | No maximum            | See footnote 1 |
| <b>A2, A3</b>        | 10                    | See footnote 1 |
| <b>R2</b>            | 3                     | See footnote 1 |
| <b>R3</b>            | 6                     | See footnote 1 |
| <b>MR</b>            | None                  | See footnote 1 |
| <b>MX</b>            | 10                    | See footnote 2 |
| <b>C1, C2</b>        | None                  | See footnote 1 |
| <b>M1, M2, HT, P</b> | None                  | See footnote 1 |

<sup>1</sup>Must be a legal conforming parcel or limited to the next lowest number allowed.

<sup>2</sup>The maximum number of hobby vehicles in the MX zone is dependent upon the primary use of the property. For example, if the primary use is equivalent to R2, the maximum number allowed is 3.

**Please provide a description of the nature of your hobbyist/collector activity, and how you will screen from public view. Please be as specific as possible.**
