STEPS TO FOLLOW WHEN TESTIFYING AT PUBLIC HEARINGS

1. Sign – In Sheet:

Print your name and address on the sign-in sheet when entering the room if you wish to speak during the hearing.

2. Be Courteous:

This is a public meeting where there may be a diversity of viewpoints. Clapping or noise in support or in opposition to an individual's testimony is not allowed.

3. Be Informed:

Prior to planning your testimony, read staff reports, attend meetings held by neighborhood associations, developers, etc.

4. Time Saving Steps:

Often there are a large number of individuals planning to testify at a public hearing. To be able to accommodate everyone and get the public hearing completed in a timely manner, please do the following:

- a. Move to the front of the room and be prepared to approach the podium when your name is called.
- b. Please limit your testimony to 3 minutes. You may be timed.

5. State Name and Address:

Idaho State Law requires that during the public hearing when it is your turn to testify, you need to clearly state your name and address for the record prior to stating your comments.

6. Hearing Decisions:

The primary basis for any land use decision is the set of required findings set forth in the Gem County Code. These findings vary with each type of application. Public testimony is very important to help the Commission or Board determine if the findings can be met.

7. Remember Your Objective:

Usually, this objective is to persuade the Commission or Board members that the adopted statutes and ordinances favor your side of the issue. Be specific. Public comment is usually limited to three minutes per individual. Some additional time may be granted if a spokesperson is selected to represent several individuals.

8. Be Reasonable:

The Commission and Board must balance all views, interests, ordinances and proposals, in the attempt to determine the best course for serving the overall public good. While it is your obligation to present your own facts and interests, remember that most issues have at least two sides. Be prepared to compromise.

9. Ex Parte' Contact:

If the hearing involves a specific property, please do not try to contact any of the P&Z Commissioners or Board of County Commissioners. This contact is not allowed by Idaho Statute and may jeopardize the hearing.
