G/FLRPC Economic Distress Index. Compiled using U.S. Census 2000 and 2010 tables SF1\_P001 and SF1\_P1; U.S. Census 2012 American Community Survey tables: S1903; S2301; S1701; S1501; B25002.

# Appendix B: Potential Funding Opportunities

## Introduction

The following section contains profiles of selected community development and economic development grant opportunities from New York State and Federal sources. This section is not meant to be an exhaustive list of available funding but rather an outline of some of the funding opportunities that are available. Many of these funding programs can be leveraged to help advance the Regional Engagement priority projects identified in the previous section.

For additional information on the programs outlined below and for information on additional programs you can visit [www.grants.gov](http://www.grants.gov) or <https://apps.cio.ny.gov/apps/cfa/>

Program Name	Funding Agency	Brief Description	Additional Information
Empire State Development Grant Funds	Empire State Development	Capital grant funding is available for capital-based economic development projects intended to create or retain jobs; prevent, reduce or eliminate unemployment and underemployment; and/or increase business or economic activity in a community or Region	Eligible applicants include but are not limited to: for-profit businesses, not-for-profit corporations, business improvement districts, local development corporations, public benefit corporations (including industrial development agencies), economic development organizations, research and academic institutions, incubators, technology parks, municipalities, counties, regional planning councils, tourist attractions and community facilities.
Market New York-Tourism Funding	Empire State Development	Market NY is a grant program established to strengthen and encourage tourism growth by promoting tourism destinations, attractions, and special events. Additionally, Market NY will support capital grant funding for tourism facilities in New York. Funding is available for projects intended to create economic impact by increasing tourism in a region.	Entities that may apply for funding include not-for-profit corporations, municipalities, Tourism Promotional Agencies, public benefit corporations, and for-profit companies. Not-for-profit corporations are subject to New York State's Not-For-Profit Corporation Law.
New York State Council on the Arts-Arts, Culture and Heritage Initiatives	New York State Council on the Arts	Funding available for projects designed to enhance and transform the cultural and economic vitality of New York State communities. Support is provided for the study of and presentation of the performing and fine arts; surveys and capital investments to encourage participation of the arts; to encourage public interest in the cultural heritage of the state; and to promote tourism by supporting arts and cultural projects. Successful proposals will demonstrate significant economic and community development impact that positions arts, culture and heritage at the core of local development efforts.	The New York State Council on the Arts awards grants to nonprofit organizations either incorporated in or registered to do business in New York State, Indian tribes in New York State, and units of government in municipalities in New York State. An organization must have its principal place of business located in New York serving the State's constituents.

Program Name	Funding Agency	Brief Description	Additional Information
Community Development Block Grant Program	Office of Community Renewal	New York State CDBG funds provide small communities and counties in New York State with a great opportunity to undertake activities that focus on community development needs such as creating or expanding job opportunities, providing safe affordable housing, and/or addressing local public infrastructure and public facilities issues. The primary statutory objective of the CDBG program is to develop viable communities by providing decent housing and a suitable living environment by expanding economic opportunities, principally for persons of low and moderate income. Applications must address and resolve a specific community or economic development need within one of the following areas: (1) Public Infrastructure (2) Public Facilities (3) Planning (4) Microenterprise.	Eligible applicants are non-entitlement units of general local government (villages, cities, towns or counties), excluding metropolitan cities, urban counties and Indian Tribes that are designated entitlement communities. Non-entitlement areas are defined as cities, towns and villages with populations of less than 50,000, except those designated principal cities of Metropolitan Statistical Areas, and counties with populations of less than 200,000. The NYS CDBG program does not provide direct financial assistance to businesses.
New York Main Street Program	Office of Community Renewal	The New York Main Street Program was created to provide resources to assist New York's communities with Main Street and downtown revitalization efforts. The New York Main Street Program provides resources to invest in projects that provide economic development and housing opportunities in downtown, mixed-use commercial districts. A primary goal of the program is to stimulate reinvestment and leverage additional funds to establish and sustain downtown and neighborhood revitalization efforts. Funds are available for: Target Area Building Renovations, Downtown Anchors and Downtown Stabilization.	Eligible applicants for the New York Main Street Program are Units of Local Government or organizations incorporated under the NYS Not-for-Profit Corporation Law that have been providing relevant service to the community for at least one year prior to application.
Environmental Protection Fund Municipal Grant Program	Office of Parks, Recreation & Historic Preservation	Funding is available under the EPF Municipal Grant Program for the acquisition, planning, development, and improvement of parks, historic properties, and heritage areas located within the physical boundaries of the State of New York.	Eligible applicants include: municipalities, state agencies, public benefit corporations, public authorities, and not-for-profit corporations. Grants can fund up to 50% of total project costs, up to 75% if the project is located in a high-poverty district.

Program Name	Funding Agency	Brief Description	Additional Information
Recreational Trail Program	Office of Parks, Recreation & Historic Preservation	The Recreational Trails Program provides funds to states to develop and maintain recreational trails for both motorized and non-motorized recreational trail use. Funding is available for the maintenance and restoration of existing recreational trails, development and rehabilitation of trailside and trailhead facilities and trail linkages for recreational trails, purchase and lease of recreational trail construction and maintenance equipment, construction of new recreational trails, acquisition of easements and fee simple title to property for recreational trails or recreational trail corridors, and assessment of trail conditions for accessibility and maintenance.	Eligible applicants include: municipalities, state agencies, public benefit corporations, public authorities, and not-for-profit corporations. Grants can fund up to 80% of the total project cost, or, up to 95% if the applicant is a federal agency.
Local Waterfront Revitalization Program	New York State Department of State	The Local Waterfront Revitalization Program provides 50:50 matching grants on a competitive basis to eligible villages, towns, cities, and counties along New York's coasts or designated inland waterways to revitalize communities and waterfronts through planning, design, and construction projects, with design and construction tied to prior planning (must have an approved Local Waterfront Revitalization Program or relevant component substantially completed).	Eligible Types of Applicants: Eligible applicants are villages, towns, or cities, and counties which are located along New York's coasts or inland waterways designated pursuant to Executive Law, Article 42.
Canalway Grants Program	New York State Canal Corporation	Projects should further the goals and objectives of the NYS Canal Recreationway Plan and Regional Economic Development Councils Strategic Plans. The projects should preserve and rehabilitate canal infrastructure, enhance recreational opportunities for water-based and landside users, promote tourism, economic development, and revitalization of the canal corridor and the corresponding region. Funding can be used to expand public access, increase recreational use, improve services for motorized and non-motorized boaters, increase visitation, and stimulate private investment along the NYS Canal System.	Eligible applicants include: municipalities, state agencies, public benefit corporations, public authorities, and not-for-profit corporations. Applicants must demonstrate a minimum of 50% match.
Wastewater Infrastructure Engineering Planning Grant	Department of Environmental Conservation/ Environmental Facilities Corporation	Funding can be used by municipalities for the preparation of an engineering report and planning activities to determine the scope of water quality issues, evaluate alternatives, and propose a capital improvement project.	The Wastewater Infrastructure Engineering Planning Grant will assist municipalities with a Median Household Income of \$65,000 or less with the engineering and planning costs of CWSRF-eligible water quality projects.

Program Name	Funding Agency	Brief Description	Additional Information
Water Quality Improvement Project Program	New York State Department of Environmental Conservation	The Water Quality Improvement Project (WQIP) program is a competitive, statewide reimbursement grant program open to local governments and not-for-profit corporations for projects that directly address documented water quality impairments. Funding through the Water Quality Improvement Project program is available for the following types of projects: non-agricultural nonpoint source abatement and control; wastewater treatment improvement; aquatic habitat restoration; and municipal separate storm sewer systems.	Eligible applicants include: municipalities, municipal corporation, soil and water conservation districts; and non-for-profit corporations (for aquatic habitat restoration projects only)
Local Government Efficiency Program	New York State Department of State	Funding is available to assist local leaders identify best practices and implement actions focused on reducing municipal expenditures, limiting the growth in property taxes and increasing efficiencies in service delivery. Projects can include local government reorganization, functional or service delivery consolidation, city or county charter revisions that include functional consolidation, cooperative service agreements, and establishment of regional service delivery mechanisms.	Eligible applicants include local governments, which generally must apply cooperatively to qualify for an LGE grant.
Brownfield Opportunity Area Program	New York State Department of State	The Brownfield Opportunity Areas Program provides communities with guidance, expertise and financial assistance, to complete revitalization and implementation strategies for neighborhoods or areas affected by brownfields or economic distress. The program provides a neighborhood or area-wide approach, rather than the traditional site-by-site approach, to the assessment and redevelopment of brownfields and other vacant or abandoned properties. The neighborhood approach enables communities to comprehensively assess existing economic and environmental conditions associated with brownfield blight and impacted areas, identify and prioritize community supported redevelopment opportunities, and attract public and private investment. The type of neighborhoods and areas where program resources are being applied include industrial/manufacturing, commercial corridors, resi-	Eligible applicants include New York State municipalities; cities; villages; towns; counties; public authorities; public benefit corporations; school districts; special improvement districts; Indian nations or tribes; and community based organizations. The program covers up to 90 percent of the total eligible project costs.

Program Name	Funding Agency	Brief Description	Additional Information
New NY State Broadband Program	New York State Broadband Office	The program calls for applications for funding to provide access to broadband at speeds of at least 100 megabits per second (Mbps) (download) in most places, and 25 Mbps (download) in the most remote Unserved parts of the State, with priority given to applications that will provide broadband to Unserved communities, libraries, and Educational Opportunity Centers. The Program will achieve its goals through public-private sector partnerships, and will require a private-sector co-investment.	Eligible applicants include incorporated organizations; native American tribes or tribal organizations; a local unit of government, or a group of multiple units of government; a cooperative, private corporation or Limited Liability Company, organized on a for-profit or non-for profit basis; and a group of public and/or private sector partners.
Climate Smart Communities Grant Program	Department of Environmental Conservation	The Climate Smart Communities Grant program will enable communities across the state to put climate plans into action. The program will reward foresight and innovation in climate protection and showcase the ingenuity of many communities. Grant funding may be used for implementation activities that focus on decreasing community vulnerability in the face of a changing climate, or reduce greenhouse gas emissions.	Eligible applicants include villages, towns, cities and counties of the State of New York. All grants require a local match equal to 50 percent of the eligible project costs.
Downtown Revitalization Initiative	Finger Lakes Regional Economic Development Council	The Downtown Revitalization Initiative will invest \$10 million in each of ten communities ripe for development to transform them into vibrant communities where tomorrow's workforce will want to live, work and raise families. The program emphasizes using investments to reinforce and secure additional public and private investments proximal to, and within, downtown neighborhoods, and in doing so will build upon growth spurred by the Governor's Regional Economic Development Councils (REDCs).	Each Regional Economic Development Council (REDC) will nominate one downtown in their region best positioned to take advantage of the Downtown Revitalization Initiative. The REDCs will use a template to nominate downtowns. The REDC may utilize an existing subcommittee or form a specific subcommittee to advance this project.
Public Works and Economic Adjustment Assistance	Economic Development Administration	EDA will make construction, non-construction, and revolving loan fund investments under the Public Works and Economic Adjustment Assistance Programs. Grants made under these programs will leverage regional assets to support the implementation of regional economic development strategies designed to create jobs, leverage private capital, encourage economic development, and strengthen America's ability to compete in the global marketplace.	Eligible applicants for EDA financial assistance under the Public Works and EAA programs include: District Organization of a designated Economic Development District; Indian Tribe or a consortium of Indian Tribes; State, county, city, or other political subdivision of a State, including a special purpose unit of a State or local government engaged in economic or infrastructure development activities, or a consortium of political subdivisions; institution of higher education or a consortium of institutions of higher education; or public or private non-profit organization or association acting in cooperation with officials of a political subdivision of a State. EDA is not authorized to provide grants or cooperative agreements to individuals or to for profit entities.

Program Name	Funding Agency	Brief Description	Additional Information
Rural Business Development Grants	United States Department of Agriculture	The Rural Business Development Grant (RBDG) program is a competitive grant designed to support targeted technical assistance, training and other activities leading to the development or expansion of small and emerging private businesses in rural areas that have fewer than 50 employees and less than \$1 million in gross revenues. Programmatic activities are separated into enterprise or opportunity type grant activities.	RBDG funds must be directed for projects benefitting rural areas or towns outside the urbanized periphery of any city with a population of 50,000 or more. Eligible applicants include: towns; communities; state agencies; authorities; nonprofit corporations; institutions of higher education; federally-recognized tribes; and rural cooperatives.
Rural Broadband Access Loan and Loan Guarantee Program	United States Department of Agriculture	The Rural Broadband Access Loan and Loan Guarantee Program (Broadband Program) furnishes loans and loan guarantees to provide funds for the costs of construction, improvement, or acquisition of facilities and equipment needed to provide service at the broadband lending speed in eligible rural areas.	To be eligible for a broadband loan, an applicant may be either a non-profit or for-profit organization structured as a corporation, limited liability company (LLC), cooperative or mutual organization, a state or local unit of government; or an Indian tribe or tribal organization. Proposed funded service areas must be completely contained within a rural area or composed of multiple rural areas; at least 15% of the households in the proposed funding service area are unserved; no part of the proposed funded service area has three or more “incumbent service providers” and no part of the proposed funded service area overlaps with the service area of current USDA Rural Utilities Service borrowers.
Brownfields Area Wide Planning Program	Environmental Protection Agency	Brownfields area-wide planning is a grant program which provides funding to conduct activities that will enable the recipient to develop an area-wide plan for assessing, cleaning up and reusing catalyst/high priority brownfield sites. Funding is directed to a specific project area, such as a neighborhood, downtown district, local commercial corridor, old industrial corridor, community waterfront or city block, affected by a single large or multiple brownfield sites.	Eligible applicants include: general purpose unit of local government; regional council or group of general purpose units of local government; redevelopment agency; state (on behalf of local community); federally recognized Indian Tribal government; U.S. Territories and possessions; and nonprofit organizations.
Brownfield Assessment Grant	Environmental Protection Agency	Assessment grants provide funding for a grant recipient to inventory, characterize, assess, and conduct planning and community involvement related to brownfields sites. An eligible entity may apply for up to \$200,000 to assess a site contaminated by hazardous substances, pollutants, or contaminants (including hazardous substances co-mingled with petroleum) and up to \$200,000 to address a site contaminated by petroleum.	Eligible applicants include: general purpose unit of local government; regional council or group of general purpose units of local government; redevelopment agency; state (on behalf of local community); federally recognized Indian Tribal government; U.S. Territories and possessions; and nonprofit organizations.

Program Name	Funding Agency	Brief Description	Additional Information
Brownfield Cleanup Grants	Environmental Protection Agency	Cleanup grants provide funding for a grant recipient to carry out cleanup activities at brownfield sites. Funds may be used to address sites contaminated by petroleum and hazardous substances, pollutants, or contaminants (including hazardous substances co-mingled with petroleum).	Cleanup grants require a 20 percent cost share. An applicant must own the site for which it is requesting funding at time of application. Eligible applicants include: general purpose unit of local government; regional council or group of general purpose units of local government; redevelopment agency; state (on behalf of local community); federally recognized Indian Tribal government; U.S. Territories and possessions; and nonprofit organizations.
Rural Housing and Economic Development	Department of Housing and Urban Development	The Rural Housing and Economic Development (RHED) Program supports capacity building at the state and local level for rural housing and economic development and innovative housing and economic development activities in rural areas. Possible activities include: preparation of plans, architectural drawings, acquisition of land and buildings, demolition, provision of infrastructure, purchase of materials and construction costs, use of local labor markets, job training and counseling for beneficiaries and financial services such as revolving loan funds and Individual Development Accounts.	Eligible applicants are local rural non-profits, community development corporations (CDCs), federally recognized Indian tribes, state housing finance agencies (HFAs), and state community and/or economic development agencies. Rural is defined as: a place having fewer than 2,500 inhabitants; a county with an urban population of 20,000 inhabitants or less; or any place with a population not in excess of 20,000 inhabitants and not located in a Metropolitan Statistical Area.
