

# Regional Land Use Monitoring Report (2010)

## UPWP Task #4220

### Executive Summary

#### **Project Purpose:**

The Genesee Transportation Council (GTC) provides funding annually for the *Regional Land Use Monitoring Report* under its Unified Planning Work Program. This report provides information on the issuance of building permits in 2010 to identify areas of growth within the Genesee-Finger Lakes Region (G-FL Region) that might require transportation planning and service modifications.

The G-FL Region is comprised of Genesee, Livingston, Monroe, Ontario, Orleans, Seneca, Wayne, Wyoming, and Yates Counties. The report analyzes the number of permits issued, total square footage, and total value for buildings for each municipality within the region as well as the Transportation Management Area (TMA). The TMA covers Monroe County and the municipalities adjacent to Monroe County in Livingston, Ontario, and Wayne Counties, as well as the Town and City of Canandaigua. The analysis looks at the following categories and respective subcategories: “residential” (single-family, two-family, three or four-family, five-or- more family, mobile/manufactured homes); “industrial;” “commercial” (offices/banks, retail/service, service stations, hotels/motels); “community service” (hospitals/health facilities, schools/churches, public works/safety, utilities); and “not elsewhere classified.”

A three-year trend analysis is provided for permitted residential units in all nine counties; industrial, commercial, and community service building permits are analyzed over the three-year period as well. In addition, a time series (or historical trend) analysis is provided for residential, industrial, and commercial development, as well as subdivision approvals in the Transportation Management Area (TMA).

To provide further insight into municipal related information, municipalities were requested to provide the most recent updates related to zoning maps and ordinances as of 2010.

#### **Project Methodology:**

The building permit data included in this report was collected through surveys sent to the municipal or county officials responsible for the collection and dissemination of such data in the nine counties. In six counties, these officials were, in most municipalities, the code or zoning enforcement officers. In some cases they were municipal clerks. In Seneca and Wyoming Counties building permit application approval and inspection are the responsibility of the respective county building departments. Those two departments provided the data for their counties. The Monroe County Planning and Development Department’s Division of Planning administered the surveys, received the responses from municipal officials in the County, and forwarded the data to the Genesee/Finger Lakes Regional Planning Council.

Surveys were distributed in January of 2011 asking for the requested data. The initial survey was followed up with a reminder postcard along with a telephone reminder to those municipalities that had yet to respond. In some cases, several calls were made to the appropriate parties in an effort to acquire the requested information. Complete data was collected for all 191 municipalities in the nine-county G-FL Region.

### **Analysis Overview:**

The highest number of residential permits in the G-FL Region in 2010 was in the Towns of Penfield (120), Henrietta (107), Farmington (89), Greece (75) and Canandaigua (56). The City of Rochester issued 36 permits totaling the largest number of units (161); The Town of Farmington issued 89 permits totaling 155 units. The highest number of residential permits issued by municipalities outside of Monroe County was in the Towns of Farmington, Canandaigua and Victor in Ontario County issuing 89, 56 and 54 permits respectively and the Towns of Ontario and Macedon in Wayne County issuing 29 and 22 respectively.

The majority of industrial and commercial permits were issued in municipalities in the TMA.

Over the years (2000-2010), the majority of permits for residential units in the TMA have been in Monroe County. In the TMA outside of Monroe County, the Towns of Victor, Canandaigua, and Farmington in Ontario County, and the Towns of Ontario and Walworth in Wayne County issued permits for the largest number of residential units over the same eleven year time frame.

The data on permitted building activity and demolition tables are provided in appendices at the end of this report. Overall, the report serves as an information resource for the GTC and others to view and analyze permit activity in the G-FL Region to identify potential growth areas, and anticipate increased transportation needs.

## Introduction

The Genesee Transportation Council (GTC) provides funding annually for the *Regional Land Use Monitoring Report* (LUMR) under its Unified Planning Work Program. The purpose of this report is to provide information for building permits by type, size, and value to identify areas of growth within the Genesee-Finger Lakes (G-FL) Region that may, as a result, require increased transportation planning and services.

The *Regional Land Use Monitoring Report* includes residential, industrial, commercial, and community service building permit data for all nine counties in the G-FL Region. Prior to 2000, the number of permits issued for commercial, industrial, and community service buildings was not available for Monroe County, and data on industrial and community service permits was not available for Wyoming County. The categories (and associated subcategories) for building permit data are as follows:

- Residential (single-family, two-family, three-or-four-family, five-or-more-family, and mobile/manufactured homes )
- Industrial
- Commercial (offices/banks, retail/service, service stations, hotels/motels)
- Community Service (hospitals, schools)
- Not Elsewhere Classified

A three-year trend analysis is provided for permitted residential units in all nine counties and industrial, commercial and community service building permits are analyzed over the three-year period. This time-series analysis is based on this

year's and the two previous years' Land Use Monitoring Reports produced by the Genesee/Finger Lakes Regional Planning Council (G/FLRPC).

In addition, a time series (or historical trend) analysis is provided for residential, industrial, and commercial development and subdivision approvals in the Transportation Management Area (TMA).

The TMA includes Monroe County and the adjacent municipalities to the south and east as well as the City and Town of Canandaigua. Table 1 represents the municipalities that, along with Monroe County, comprise the Transportation Management Area.

Table 1

Municipalities in TMA outside of Monroe County		
Livingston County	Ontario County	Wayne County
Avon (Town & Village)	Bloomfield (Village)	Macedon (Town & Village)
	Canandaigua (City & Town)	
Caledonia (Town & Village)	East Bloomfield (Town)	Ontario (Town)
	Farmington (Town)	
Lima (Town & Village)	Victor (Town & Village)	Walworth (Town)
	West Bloomfield (Town)	

An analysis of the collected data on the number, value, and size of buildings permitted in 2010 is provided for each county as well as the TMA. Given that many conclusions can be drawn from the data on permitted building activity tables are provided in appendices at the end of this report for the reader to use for their own needs and analysis.

## Methodology

The building permit data included in this report was collected through surveys sent to the municipal or county officials responsible for the collection and dissemination of such data in the nine counties. In six counties these officials were, in most cases, the code or zoning enforcement officers; in some cases the municipal clerks. In Seneca and Wyoming Counties building permit application approval and inspection are the responsibility of the respective county building departments. Those two departments provided the data for their counties. The Monroe County Planning and Development Department's Division of Planning administered the surveys, received the responses from municipal officials in the County, and forwarded the data to G/FLRPC.

As noted above, each municipality other than Seneca and Wyoming Counties received a survey in January of 2011 asking for the requested data. The initial survey was followed up with a reminder postcard along with a telephone reminder to those municipalities that had yet to respond. In some cases, several calls were made to the appropriate parties in an effort to acquire the requested information. Overall, 100% of the data was collected from all 191 municipalities within the nine-county G-FL Region.

The survey requested information on the number of permits issued, total square footage and total value for buildings in the defined categories and associated subcategories. In addition, the same building permit information for buildings outside of these categories was requested along with a description of the type of building(s) in the "Other" category. This year the LUMR survey included an additional request

from municipalities. All analysis conducted in this report is based on data provided by each LUMR survey contact.

The instructions for completing the survey as printed on the first of the two-page document were as follows:

*"Include only permits for the construction of buildings in 2010. Do not include additions, repairs, decks, in-ground pools, etc. or buildings used for storage such as sheds and pole barns. Do not include permits for construction that was completed in 2010 but permitted in a previous calendar year. If the responses below include a town and a village on the same sheet, please denote this by listing them separately on the same line (example: T - 8/ V - 12)."*

For each of the nine counties, there is a discussion of permitted building activity in 2010 and county maps of residential units permitted in 2010 by municipality (Maps 1 - 9, Map 10 represents Permits for Residential Units for the nine-county G-FL Region). Data of industrial, commercial, and community service building permits issued in 2010 are presented on maps of the nine-county G-FL Region (Maps 11-13).

The information and data provided for permitted building activity in Monroe County and the remaining portion of the TMA follows the same format. Maps 14 through 17 present the number of permitted residential, industrial, commercial, and community service buildings in the TMA in 2010. Map 18 shows the distribution of residential building permits among the Transportation Analysis Zones (TAZ) within the TMA outside of Monroe County.

The residential data for TMA municipalities were used in a time series analysis of the number of residential units permitted by municipality for the years 2000 through 2010. The

number of permits issued for industrial and commercial buildings from 2000 to 2010 in the TMA outside of Monroe County is also presented and discussed in the same manner.

A three-year time series analysis of permits issued by municipalities in the G-FL Region that responded to the survey all three years are provided for permits that were issued for buildings across all categories. Data for Wyoming County between 2008 and 2010 are provided for all but industrial and community service buildings.

The data gathered on number of building permits issued, square footage, and value in each category/subcategory by municipality in and for the TMA outside Monroe County are presented in Appendices A through H. The Appendices are as follows:

### ***Not Elsewhere Classified Permits:***

- Four permits were issued that did not correspond to the above-described categories were included as not elsewhere classified. The Towns of Lyons and Ontario each issued two.

### ***Demolition Permits:***

- Thirty three (33) demolition permits were reported in Wayne County in 2010.
-

## Wyoming County

### **Residential Permits:**

- In 2010, municipalities in Wyoming County issued 60 permits for residential structures. The Towns of Bennington and Arcade issued the most permits with nine each. The Towns of Eagle, Castile, Village of Attica, and the Town of Sheldon each issued six, five, five and four permits respectively. The Towns of Covington, Gainesville, Java, Orangeville, and Wethersfield issued three permits each.

*Map 8 shows the number of residential unit permits in Wyoming County in 2010.*

### **Industrial Permits:**

*(Wyoming County does not categorize Industrial permits)*

- The information reported by Wyoming County for permits issued does not correspond directly to the survey categories. Information related to industrial permits is not categorized by Wyoming County but it is categorized under commercial permits. Therefore it is unclear how many permits were issued for industrial buildings in the County in 2010.

*Map 11 shows the number of industrial building permits by municipality in the G-FL Region in 2010.*

### **Commercial Permits:**

- A total of 12 permits were issued for commercial buildings in the County in 2010.

*Map 12 shows the number of commercial building permits by municipality in the G-FL Region in 2010.*

### **Community Service Permits:**

*(Wyoming County does not categorize community service permits)*

- The Information reported by Wyoming County for permits issued does not correspond directly to the survey categories. Information related to community service permits is not categorized by Wyoming County. Therefore, it is unclear how many permits were issued for community service buildings in the County in 2010.

*Map 13 shows the number of community service building permits by municipality in the G-FL Region in 2010.*

### **Not Elsewhere Classified Permits:**

*(Wyoming County does not specify not elsewhere classified permits)*

- The Information reported by Wyoming County for permits issued, does not correspond directly to the survey categories. Therefore it is unclear how many permits were issued for not elsewhere classified in the County in 2010.

### **Demolition Permits:**

- Nineteen (19) unspecified demolition permits were issued in Wyoming County in 2010.
-

## Yates County

### ***Residential Permits:***

- Municipalities in Yates County issued 66 residential building permits in 2010. The Towns of Barrington issued the most permits with 13 followed by the Towns of Jerusalem and Milo with 11 each.

*Map 9 shows the number of residential unit permits in Yates County in 2010.*

### ***Industrial Permits:***

- Three industrial building permits were issued in 2010 for a total value of \$605,000.

*Map 11 shows the number of industrial building permits by municipality in the G-FL Region in 2010.*

### ***Commercial Permits:***

- One permit was reported for commercial buildings in Yates County for 2010 in the Town of Starkey covering 8,000 square feet with a total value of \$725,000.

*Map 12 shows the number of commercial building permits by municipality in the G-FL Region in 2010.*

### ***Community Service Permits:***

- No community service building permits were issued in Yates County in 2010.

*Map 13 shows the number of community service building permits by municipality in the G-FL Region in 2010.*

### ***Not Elsewhere Classified Permits:***

- One permit was issued in Yates County for buildings not elsewhere classified.

### ***Demolition Permits:***

- Yates County permitted 19 residential demolitions in 2010.
-

### **3-Year Building Permit Analysis (2008 – 2010)**

#### **Genesee County**

##### ***Residential Units:***

- During the three-year period from 2008 through 2010, the total number of units permitted was 218. In 2008, 53 units were permitted. That number increased to 114 in 2009 and decreased to 51 in 2010.
- The City of Batavia permitted the most residential units in Genesee County with 81. The Town of Batavia issued the next highest number of units (39). The Towns of Pembroke, Darien and LeRoy had the next highest number of units with 17, 15 and 12 respectively.

##### ***Industrial Units:***

- A total of four units were permitted for industrial buildings in Genesee County from 2008 to 2010. The Town of Byron permitted one unit in 2008 and one in 2010. The Towns of Bergen and Stafford permitted one industrial unit in 2008 and 2010 respectively.
