Regional Land Use Monitoring Report (2012)
UPWP Task #4220

Executive Summary

Project Purpose:

The Genesee Transportation Council (GTC) provides funding annually for the *Regional Land Use Monitoring Report* under its Unified Planning Work Program. This report provides information on the issuance of building permits in 2012 to identify areas of growth within the Genesee-Finger Lakes Region (G-FL Region) that might require transportation planning and service modifications.

The G-FL Region is comprised of Genesee, Livingston, Monroe, Ontario, Orleans, Seneca, Wayne, Wyoming, and Yates Counties. The report analyzes the number of permits issued, total square footage, and total value for buildings for each municipality within the region as well as the Transportation Management Area (TMA). The TMA covers Monroe County and the municipalities adjacent to Monroe County in Livingston, Ontario, and Wayne Counties, as well as the Town and City of Canandaigua. The analysis looks at the following categories and respective subcategories: "residential" (single-family, two-family, three or four-family, five-or- more family, mobile/manufactured homes); "industrial;" "commercial" (offices/banks, retail/service, service stations, hotels/motels); "community service" (hospitals/health facilities, schools/churches, public works/safety, utilities); and "not elsewhere classified."

A five-year trend analysis is provided for permitted residential units in all nine counties; industrial, commercial, and community service building permits are analyzed over the three-year period as well. In addition, a time series (or historical trend) analysis is provided for residential, industrial, and commercial development, as well as subdivision approvals in the Transportation Management Area (TMA).

To provide further insight into municipal related information, municipalities were requested to provide the most recent updates related to zoning maps and ordinances as of 2012.

Project Methodology:

The building permit data included in this report was collected through surveys sent to the municipal or county officials responsible for the collection and dissemination of such data in the nine counties. In six counties, these officials were, in most municipalities, the code or zoning enforcement officers. In some cases they were municipal clerks. In Seneca and Wyoming Counties building permit application approval and inspection are the responsibility of the respective county building departments. Those two departments provided the data for their counties. The Monroe County Planning and Development Department's Division of Planning administered the surveys, received the responses from municipal officials in the County, and forwarded the data to the Genesee/Finger Lakes Regional Planning Council.

Surveys were distributed in January of 2013 asking for the requested data. The initial survey was followed up with a reminder e-mail along with a telephone reminder to those municipalities that had yet to respond. In some cases, several calls were made to the appropriate parties in an effort to acquire the requested information. Complete data was collected for all 190 municipalities in the nine-county G-FL Region.

Analysis Overview:

The highest number of residential permits in the G-FL Region in 2012 was in the Town of Greece (161) followed by Towns of Penfield (125), City of Rochester (108), Henrietta (106), Canandaigua (68) and Ogden (56). The Town of Greece permits issued totaled the largest number of units (199). The Towns of Webster and Brighton's permits issued totaled 166 and 149 units respectively.

The majority of industrial and commercial permits were issued in municipalities in the TMA.

Over the years (2003-2012), the majority of permits for residential units in the TMA have been in Monroe County. In the TMA outside of Monroe County, the Towns of Victor, Canandaigua, and Farmington in Ontario County, and the Towns of Ontario and Walworth in Wayne County issued permits for the largest number of residential units over the same ten year time frame.

The data on permitted building activity and demolition tables are provided in appendices at the end of this report. Overall, the report serves as an information resource for the GTC and others to view and analyze permit activity in the G-FL Region to identify potential growth areas, and anticipate increased transportation needs.

Introduction

The Genesee Transportation Council (GTC) provides funding annually for the *Regional Land Use Monitoring Report* (LUMR) under its Unified Planning Work Program. The purpose of this report is to provide information for building permits by type, size, and value to identify areas of growth within the Genesee-Finger Lakes (G-FL) Region that may, as a result, require increased transportation planning and services.

The *Regional Land Use Monitoring Report* includes residential, industrial, commercial, and community service building permit data for all nine counties in the G-FL Region. The categories (and associated subcategories) for building permit data are as follows:

- Residential (single-family, two-family, three-or-four-family, five-or-more-family, and mobile/manufactured homes)
- Industrial
- Commercial (offices/banks, retail/service, service stations, hotels/motels)
- Community Service (hospitals, schools)
- Not Elsewhere Classified

A five-year trend analysis is provided for permitted residential units in all nine counties and industrial, commercial and community service building permits are analyzed over the five-year period. This time-series analysis is based on this year's and the four previous years' Land Use Monitoring Reports produced by the Genesee/Finger Lakes Regional Planning Council (G/FLRPC).

In addition, a time series (or historical trend) analysis is provided for residential, industrial, and commercial development and subdivision approvals in the Transportation Management Area (TMA).

The TMA includes Monroe County and the adjacent municipalities to the south and east as well as the City and Town of Canandaigua. Table 1 represents the municipalities that, along with Monroe County, comprise the Transportation Management Area.

An analysis of the collected data on the number, value, and size of buildings permitted in 2012 is provided for each county as well as the TMA.

Given that many conclusions can be drawn from the data on permitted building activity tables are provided in appendices at the end of this report for the reader to use for their own needs and analysis.

Methodology

The building permit data included in this report was collected through surveys sent to the municipal or county officials responsible for the collection and dissemination of such data in the nine counties. In six counties these officials were, in most cases, the code or zoning enforcement officers; in some cases the municipal clerks. In Seneca and Wyoming Counties building permit application approval and inspection are the responsibility of the respective county building departments. Those two departments provided the data for their counties. The Monroe County Planning and Development Department's Division of Planning administered the surveys, received the responses from municipal officials in the County, and forwarded the data to G/FLRPC.

As noted above, each municipality other than Seneca and Wyoming Counties received a survey in January of 2013 asking for the requested data. The initial survey was followed up with a reminder e-mail along with a telephone reminder to those municipalities that had yet to respond. In some cases, several calls or e-mails were made to the appropriate parties in an effort to acquire the requested information. Overall, 100% of the data was collected from all 190 municipalities within the nine-county G-FL Region.

The survey requested information on the number of permits issued, total square footage and total value for buildings in the defined categories and associated subcategories. In addition, the same building permit information for buildings outside of these categories was requested along with a description of the type of building(s) in the "*Other"* category. This year the LUMR survey included an additional request from municipalities. All analysis conducted in this report is based on data provided by each LUMR survey contact.

The instructions for completing the survey as printed on the first of the two-page document were as follows:

> *"Include only permits for the construction of buildings in 2012. Do not include additions, repairs, decks, in-ground pools, etc. or buildings used for storage such as sheds and pole barns. Do not include permits for construction that was completed in 2012 but permitted in a previous calendar year. If the responses below include a town and a village on the same sheet, please denote this by listing them separately on the same line (example: T – 8/V – 12)."*

For each of the nine counties, there is a discussion of permitted building activity in 2012 and county maps of residential units permitted in 2012 by municipality (Maps 1 – 9, Map 10 represents Permits for Residential Units for the nine-county G-FL Region). Data of industrial, commercial, and community service building permits issued in 2012 are presented on maps of the nine-county G-FL Region (Maps 11-13).

The information and data provided for permitted building activity in Monroe County and the remaining portion of the TMA follows the same format. Maps 14 through 17 present the number of permitted residential, industrial, commercial, and community service buildings in the TMA in 2012. Map 18 shows the distribution of residential building permits among the Transportation Analysis Zones (TAZ) within the TMA outside of Monroe County.

The residential data for TMA municipalities were used in a time series analysis of the number of residential units permitted by municipality for the years 2003 through 2012. The

number of permits issued for industrial and commercial buildings from 2003 to 2012 in the TMA outside of Monroe County is also presented and discussed in the same manner.

The data gathered on number of building permits issued, square footage, and value in each category/subcategory by municipality in and for the TMA outside Monroe County are presented in Appendices A through H. The Appendices are as follows:
