Prepared for the Genesee Transportation Council

2017 Regional Land Use Monitoring Report

November 2018

This report was prepared by the Genesee/Finger Lakes Regional Planning Council for the Genesee Transportation Council under the Unified Planning Work Program (Task # 4220).

Mission Statement

The Genesee/Finger Lakes Regional Planning Council (G/FLRPC) will identify, define, and inform its member counties of issues and opportunities critical to the physical, economic, and social health of the region. G/FLRPC provides forums for discussion, debate, and consensus building, and develops and implements a focused action plan with clearly defined outcomes, which include programs, personnel, and funding.

Abstract

This report provides information on the issuance of building permits in 2017 to identify areas of growth within the Genesee-Finger Lakes Region (G-FL Region) that might require transportation planning and service modifications. The G-FL Region is comprised of Genesee, Livingston, Monroe, Ontario, Orleans, Seneca, Wayne, Wyoming, and Yates Counties. The report analyzes the number of permits issued, total square footage, and total value for buildings for each municipality within the region as well as within the Metropolitan Planning Area (MPA). The MPA is comprised of Monroe County plus the adjacent developed areas of Livingston, Ontario, and Wayne counties. The analysis looks at the following categories and respective subcategories: "residential" (single-family, two-family, three or four-family, five-or-more family, mobile/manufactured homes); "industrial;" "commercial" (offices/banks, retail/service, service stations, hotels/motels); "community service" (hospitals/health facilities, schools/churches, public works/safety, utilities); and "not elsewhere classified."

Introduction

The Genesee Transportation Council (GTC) provides annual funding for the *Regional Land Use Monitoring Report* (LUMR) under its Unified Planning Work Program. The purpose of this report is to provide information for building permits by type, size, and value to identify areas of growth within the Genesee-Finger Lakes (G-FL) Region that may, as a result, require increased transportation planning and services.

The *Regional Land Use Monitoring Report* includes residential, industrial, commercial, and community service building permit data for all nine counties in the G-FL Region. The categories (and associated subcategories) for building permit data are as follows:

- Residential (single-family, two-family, three-or-four-family, five-or-more-family, and mobile / manufactured homes)
- Industrial
- Commercial (offices/banks, retail/service, service stations, hotels/motels)
- Community Service (hospitals, schools)
- Not Elsewhere Classified

A five-year trend analysis is provided for permitted residential units in all nine counties and industrial, commercial and community service building permits are analyzed over the five-year period. This time-series analysis is based on this year's and the four previous years' Land Use Monitoring Reports produced by the Genesee/Finger Lakes Regional Planning Council (G/FLRPC).

In addition, a time series (historical trend) analysis is provided for residential, industrial, and commercial development and subdivision approvals in the MPA.

The MPA consists of Monroe County plus the adjacent developed areas of Livingston, Ontario, and Wayne counties. Table 1 represents the municipalities that, along with Monroe County, comprise the MPA.

An analysis of the collected data on the number, value, and size of buildings permitted in 2017 is provided for each county as well as the MPA.

The data on permitted building activity are provided in appendices at the end of this report for the reader to use for their own needs and analysis.

Methodology

The building permit data included in this report was collected through surveys sent to the municipal or county officials responsible for the collection and dissemination of such data in the nine counties. In six counties, these officials were often the code or zoning enforcement officers and in some cases were the municipal clerks. In Seneca and Wyoming Counties, building permit application approval and inspection are the responsibility of the respective county building departments and thus these departments provided the relevant data. In Monroe County, the Planning and Development Department's Division of Planning administered the surveys, received the responses from municipal officials in the County, and forwarded the data to G/FLRPC.

As noted above, each municipality other than Seneca and Wyoming Counties received a survey in January of 2018 asking for the requested data. The initial survey was followed up with a reminder e-mails and telephone calls to those municipalities that had yet to respond. In some cases, several calls or e-mails were made to the appropriate parties in an effort to acquire the requested information. Overall, 97.87% of the data was collected from 184 of the 188 municipalities within the nine-county G-FL Region.

The survey requested information on the number of permits issued, and the total square footage and total value for buildings in the defined categories and associated subcategories. In addition, the same building permit information for buildings outside of these categories was requested along with a description of the type of building(s) in the

"Other" category. All analysis conducted in this report is based on data provided by each LUMR survey contact.

The instructions for completing the survey were as follows:

"Include only permits for the construction of buildings in 2017. Do not include additions, repairs, decks, in-ground pools, etc. or buildings used for storage such as sheds and pole barns. Do not include permits for construction that was completed in 2017 but permitted in a previous calendar year. If the responses below include a town and a village on the same sheet, please denote this by listing them separately on the same line (example: T – 8/V – 12)."

For each of the nine counties, there is a discussion of permitted building activity in 2017 and county maps of residential units permitted in 2017 by municipality (Maps 1 – 9, Map 10 represents Permits for Residential Units for the nine-county G-FL Region). Data of industrial, commercial, and community service building permits issued in 2017 are presented on maps of the nine-county G-FL Region (Maps 11-13).

The information and data provided for permitted building activity in Monroe County and the remaining portion of the MPA follows the same format. Maps 14 through 17 present the number of permitted residential, industrial, commercial, and community service buildings in the MPA in 2017. Map 18 shows the distribution of residential building permits among the Transportation Analysis Zones (TAZ) within the MPA outside of Monroe County.

The residential data for MPA municipalities were used in a time series analysis of the number of residential units permitted by municipality for the years 2008 through 2017. The number of permits issued for industrial and commercial

buildings from 2008 to 2017 in the MPA outside of Monroe County is also presented and discussed in the same manner.

The data gathered on number of building permits issued, square footage, and value in each category/subcategory by municipality in, and for the MPA, outside Monroe County are presented in Appendices A through H. The Appendices are as follows:

Number, Square Footage, and Value of Permits Issued for Residential Buildings – 2017

Demolition Permits:

- Twenty nine (29) residential demolition, one (1) industrial demolition, and five (5) commercial demolition permits were reported in Wayne County in 2017.
-

Wyoming County

Residential Permits:

- In 2017, municipalities in Wyoming County reported thirty-two (32) building permits for thirty-two (32) residential units.
- The Towns of Bennington and Castile reported the most permits with five (5) each. The Town of Arcade reported four (4) permits.

Map 8 shows the number of residential unit permits in Wyoming County in 2017.

Industrial Permits:

(Wyoming County does not categorize Industrial permits)

- The information reported by Wyoming County for permits issued does not correspond directly to the survey categories. Information related to industrial permits in Wyoming County is categorized under commercial permits. Therefore, it is unclear how many permits were issued for industrial buildings.

Map 11 shows the number of industrial building permits by municipality in the G-FL Region in 2017.

Commercial Permits:

- A total of fifteen (15) permits were reported for commercial buildings in the County in 2017. However, it is unclear how many of these are truly 'commercial' due to the other building type being included.

Map 12 shows the number of commercial building permits by municipality in the G-FL Region in 2017.

Community Service Permits:

(Wyoming County does not categorize community service permits)

- The Information reported by Wyoming County for permits issued does not correspond directly to the survey categories. Information related to community service permits is not categorized by Wyoming County. Therefore, it is unclear how many permits were issued for community service buildings in the County in 2017.

Map 13 shows the number of community service building permits by municipality in the G-FL Region in 2017.

Not Elsewhere Classified Permits:

(Wyoming County does not specify not elsewhere classified permits)

- The Information reported by Wyoming County for permits issued, does not correspond directly to the survey categories. Therefore, it is unclear how many permits were issued for not elsewhere classified in the County in 2017.

Demolition Permits:

- Twenty-seven (27) unspecified demolition permits were reported in Wyoming County in 2017.

Yates County

Residential Permits:
