1. DISCUSSION REGARDING CEMETERY AND STREET MATTERS

Discussed cemetery ordinance and policies documents, and these are the items which need to be corrected and approved in a regular council meeting:

1. Typo: *maker* needs to be changed to **marker** (Ordinance: page 2, section 2, first paragraph)
2. Revision: In the Ordinance on page 3, section 3, the last sentence discussing the filing of deeds doesn't match the same information noted in the policies and procedure document.
3. Revision: Both documents need to be updated with the changes to the sale of individual spaces vs. plots. It was suggested that we no longer sell by plot size 15' x 20', but per space (8' x 3') with additional sale price of \$100 per space, if buying more than one space. It was also suggested that the perpetual care cost will be 75% of the sale and the deed cost will be 25%. Council will need to finalize all cost changes and possibly take a look at the layout of Section E of the cemetery and redesign the map.
4. Discussed the reasoning behind the City's policy of not allowing internment in a grave that was previously used and why we do not buy back or re-claim unused spaces that were previous bought, but never used as intended.
5. Spoke about streets that will most likely be the main focus of repair: West Lampasas, Senterfitt section by Rockin K' Kafe and A Street to Locust Street.

NO ACTION TAKEN

- II. ADJOURN:** At 7:03 p.m. the workshop was adjourned with a motion made by Larry Koch and a second by Shad Hill. Motion passed.
