

## Olton CDBG Waterline Project Amendment Public Hearing Memo

The City of Olton applied for and received a Community Development Block (CDBG) grant from the Texas Department of Agriculture (TDA) in 2022. Due to budgetary concerns resulting from inflation, the city has decided to reduce the scope of work. This involves removing the proposed waterline work in the alley between 4<sup>th</sup> and 5<sup>th</sup> street from Ave H to Ave G. from the scope of work. Additionally, the correlating yardlines that were to be replaced in the alleyway will be removed from the scope of work.

Following the public hearing, the City will submit the amendment request to the TDA and await approval.

The purpose of the public hearing is to collect comments, if any, about the proposed revisions to the scope of work.

Purple- work to remain

Orange- work to be removed
