Peck, Michigan 48466  
Phone (810) 378-5131 Fax (810) 378-5155

Village of Peck  
TUBE AGREEMENT

The Village hereby grants permission to \_\_\_\_\_  
To tube the ditch in front or side of property at \_\_\_\_\_  
Providing the following conditions are met:

1. Tube must be perforated so water can drain in from service unless tube will be running under a driveway.
2. Size of tube to be 12" in diameter.
3. Depth of tube shall be deep enough so that there can be 6" of soil over tube and maintain a swail that is 6" depth lower than the road at the edge of blacktop and swail will be over top of the tube.
4. Cannot remove or add any soil within two (2) feet to edge of blacktop.
5. Maintenance and cleaning of this tube is sole responsibility of property owner.
6. If for any reason tube has to be removed or replaced due to construction in Right-of-Way is responsibility of property owner.
7. Installation and filling of Right-of-Way is responsibility of property owner.
8. This agreement, when signed by council and property owner, will be recorded on the Deed of the property and property owner will pay expense of recording. All future owners of property will have to adhere to same conditions of this agreement.
9. Must have flared culvert end.
