INDEPENDENT AUDITORS' REPORT

The Biosolids Commission
West Central Wisconsin Biosolids Facility
Ellsworth, Wisconsin

Report on the Financial Statements

We have audited the accompanying financial statements of the West Central Wisconsin Biosolids Facility, Ellsworth, Wisconsin (Facility) as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the Facility's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit qualified opinion.

Basis for Qualified Opinion

The Facility has not adopted GASB Statements No. 68, Accounting and Financial Reporting for Pensions. The amount by which the departure would affect the assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position, and expenses has not been determined.

Qualified Opinion

In our opinion, except for the effects of the matter described in the "Basis for Qualified Opinion" paragraph, the financial statements referred to above present fairly, in all material respects, the financial position of the West Central Wisconsin Biosolids Facility at December 31, 2018, and the changes in its financial position and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

The Facility has omitted a management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary and Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Facility's basic financial statements. The supplementary information is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, except for the effects on the schedule of conversions of fund statements to the basic financial statements of the qualified opinion on the financial statements as described above, such information is fairly stated in all material respects in relation to the basic financial statements as a whole. We have also previously audited, in accordance with auditing standards generally accepted in the United States of America, the Facility's basic financial statements for the year ended December 31, 2017 which are not presented with the accompanying financial statements. In our report dated February 4, 2018, we expressed a qualified opinion on the basic financial statements of the Facility. That audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Facility's basic financial statements. The 2017 supplementary information is presented for the purpose of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2017 basic financial statements. The information has been subjected to the auditing

The Biosolids Commission
West Central Wisconsin Biosolids Facility

procedures applied in the audit of those basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2017 supplementary information is fairly stated in all material respects in relation to the basic financial statements from which they have been derived.

Schedule D-1 is presented on page 39 for purposes of additional analysis and is not a required part of the basic financial statements. This schedule has not been subjected to auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

NOTES TO BASIC FINANCIAL STATEMENTS

**WEST CENTRAL WISCONSIN BIOSOLIDS FACILITY
ELLSWORTH, WISCONSIN
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the West Central Wisconsin Biosolids Facility (the "Facility") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to business-type activities of governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The significant accounting principles and policies utilized by the Facility are described below:

A. Reporting Entity

Eleven Wisconsin municipalities in West Central Wisconsin joined together in 1995 to provide for the construction, operation and continuing administration of a facility for the treatment, storage, disposal, recycling and/or sale of biosolids (sludge). The facility is formally referred to as the West Central Wisconsin Biosolids Facility (hereafter Facility). The municipalities are members of the Facility and have created a commission pursuant to Section 66.0301 (formally Section 66.30) of the Wisconsin Statutes to administer the Facility with said commission to operate as a governmental body under Section 19.82(1) of the Statutes. The individual members consist of the City of Amery, Village of Baldwin, Village of Ellsworth, City of Hudson, City of New Richmond, Village of Osceola, City of Prescott, City of River Falls, Village of Roberts, Village of Somerset and Village of Spring Valley.

Funding for operations and debt service of the Facility is to be provided by users of the Facility (both members and non-members) based on contracts for use of the processing facility – see Note 2.B.1. Funding for construction of the processing facility was initially provided by its members as discussed in Note 2.D. This funding is being repaid by the Facility through its user charges. As of December 31, 2018 the Facility was providing services to ten non-members.

The contracts entered into by the members for the establishment and operation of the Facility specifically state that the Facility is not a joint venture of the municipalities. The individual members' contracts for use of the facility severely restrict a member's withdrawal during the initial twenty years. The contracts further stipulate that the Facility may terminate a member's contract for just causes and, in the event of such termination, shall have no responsibility to repay any capital contributions to the member.

The Facility is considered to be a "stand-alone government" as defined by GASB. The financial reporting entity of the Facility is defined by GASB to consist of (a) the stand-alone government, (b) organizations for which the stand-alone government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the stand-alone government are such that the exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The basic financial statements of the Facility consist solely of the stand-alone government. No other organizations were identified for inclusion in the financial reporting entity of the Facility.

**WEST CENTRAL WISCONSIN BIOSOLIDS FACILITY
ELLSWORTH, WISCONSIN
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Presentation

The Facility maintains its internal financial records on a fund basis (operating, asset replacement, debt service, construction) using the modified accrual basis of accounting to better identify its annual financial requirements for settlement with its users as called for in the users' contracts. Recovery of depreciation expense is not a component of user charges, while funding of debt repayment requirements are a component. It is the Facility's current policy to zero out its operating fund each year through year end billing adjustments to its contracted users.

For the financial statements presented here in accordance with provisions of GASB 34, the Facility is considered to be a business-type activity. Accordingly, the Facility's basic financial statements reflect year end net position and changes thereto in a manner similar to a private-sector business (on the full accrual basis of accounting.)

The basic financial statements of the Facility consist of the *Statement of Net Position*, the *Statement of Revenues, Expenses, and Changes in Net Position*, and the *Statement of Cash Flows*.

The *Statement of Net Position* presents information on all of the Facility's assets and liabilities, with the difference between the two reported as net position. The *Statement of Revenues, Expenses, and Changes in Net Position* present information showing how the Facility's net position changed during the year. The *Statement of Cash Flows* presents information on the cash flows of the Facility during the fiscal year. It is a good indicator of whether or not enough cash flow is being generated during the fiscal year to meet the operating needs of the Facility.

C. Measurement Focus and Basis of Accounting

The Facility's basic financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place. Non-exchange transactions, in which the Facility gives or receives value without directly receiving or giving equal value in exchange, include grants, entitlements, and donations. Revenue from grants, entitlements, and donations, if any, is recognized in the fiscal year in which all eligibility requirements have been satisfied.

The Facility distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the Facility's principal ongoing operations. The principal operating revenues of the Facility are charges for services. Operating expenses include the costs of services provided, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

**WEST CENTRAL WISCONSIN BIOSOLIDS FACILITY
ELLSWORTH, WISCONSIN
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus and Basis of Accounting (Continued)

The preparation of the basic financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in financial statements and accompanying notes. Actual results could differ from those estimates.

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Equity

1. Deposits and Investments

Investments of the Facility are stated at fair value. The Facility's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from date of acquisition.

The Facility is required to invest its funds in accordance with Section 66.0603 of the Wisconsin Statutes. Such statutes permit the Facility to invest available cash balances in time deposits of authorized depositories, U.S. Treasury obligations, U.S. agency issues, high grade commercial paper, and the local government pooled-investment fund administered by the state investment board.

2. Receivables

Accounts Receivable. All accounts receivable are shown at gross amounts with uncollectible amounts, if any, recognized under the allowance method. No allowance for uncollectible accounts has been provided since such allowance would not be material.

3. Inventories

Inventories consist primarily of chemicals and materials used in the treatment process and are recorded at cost using the first in-first out method.

**WEST CENTRAL WISCONSIN BIOSOLIDS FACILITY
ELLSWORTH, WISCONSIN
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Equity (Continued)

4. Capital Assets

Capital assets are reported at actual cost or estimated historical costs and are updated for additions and removals during the year.

Capitalization thresholds (the dollar valued above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets reported in the basic financial statements are as follows:

	<u>Capitalization Threshold</u>	<u>Depreciation Method</u>	<u>Estimated Useful Life</u>
Site Improvements	\$2,500	Straight-line	28 Years (thru 2025)
Buildings and Structures	\$2,500	Straight-line	28 Years (thru 2025)
Equipment	\$2,500	Straight-line	5-28 Years

5. Restricted Assets

Mandatory segregations of assets are presented as restricted assets. Such segregations are required by the members' loan agreements with the State of Wisconsin and by the user contracts with other external parties. Current liabilities payable from these restricted assets are so classified.

6. Compensated Absences

The Facility's policy does not generally allow accumulated employee vacation and sick leave to vest. Unused accumulated sick leave is forfeited upon retirement or termination of employment. Accumulated benefits are recorded as expenditure in the year used. The Facility had no significant liabilities for employee leave at December 31, 2018.

7. Long-Term Obligations

Outstanding long-term debt and other long-term obligations are reported as liabilities.

8. Equity Classifications

Fund equity is classified as net position in the basic financial statements and is displayed in three components. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on its use through external restrictions imposed by creditors, grantors or laws or regulations of other governments. All other net position is displayed as unrestricted.

**WEST CENTRAL WISCONSIN BIOSOLIDS FACILITY
ELLSWORTH, WISCONSIN
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018**

NOTE 2 DETAILED NOTES ON ASSETS, LIABILITIES, AND NET POSITION

A. Deposits and Investments

The Facilities' balances at individual financial institutions were subject to coverage under federal depository insurance and amounts appropriated by Sections 20.144(1)(a) and 34.08 of the Wisconsin Statutes (State Guarantee Fund). Federal depository insurance provides for coverage for governmental entities of up to \$250,000 for time and savings deposits and an additional \$250,000 for demand deposits. In addition, funds held for others (such as trust funds) are subject to coverage under the name of the party for whom the funds are held. Coverage under the State Guarantee Fund may not exceed \$400,000 above the amount of coverage under federal depository insurance at any institution and is limited by the availability of the appropriations authorized therein. (Due to the relatively small size of the State Guarantee Fund in relation to the total coverage, total recovery of losses may not be available.) Also, Section 34.07 of the Wisconsin Statutes authorizes the Village to collateralize its deposits that exceed the amount of coverage provided by federal depository insurance and the State Guarantee Fund.

Custodial credit risk for deposits is the risk that, in the event of bank failure, the Facilities' deposits may not be returned. At December 31, 2018, the Facility had \$734,877 that were uninsured and uncollateralized; therefore, the Facility was subject to custodial credit risk.

B. Receivables, Payables and Unearned Revenue

1. Receivables and Payables from Members and Non-Members

As previously mentioned in Note 1.A., revenues for operations and debt retirement are provided through contracts with members and non-members. Monthly invoices are prepared based on actual transportation costs and budgeted processing costs per processed pound. Annual billings are subject to an adjustment at year end based on total actual operating costs incurred by the facility through year end. The final billing adjustments for the year ending December 31, 2018 are reflected in the Facility's financial statements for the year then ended as shown below. A detail of actual charges for services and the calculation of the final adjustments to billings are shown in supplementary Schedules C-1 to C-5.

**WEST CENTRAL WISCONSIN BIOSOLIDS FACILITY
ELLSWORTH, WISCONSIN
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018**

NOTE 2 DETAILED NOTES ON ASSETS, LIABILITIES AND NET POSITION (CONTINUED)

B. Receivables, Payables and Unearned Revenue (Continued)

1. Receivables and Payables from Members and Non-Members (Continued)

Balances due from and to members and non-members at December 31, 2018 were as follows:

	<u>Receivable</u>	<u>Payable</u>
Member Facilities:		
Final Billing Adjustments	\$ 3,205.70	\$ 58,421.80
Unpaid Billings	230,703.80	-
	<u>\$ 233,909.50</u>	<u>\$ 58,421.80</u>
Non-Members:		
Unpaid Billings	\$ 54,353.83	\$ -
Final Billing Adjustments	-	15,253.24
	<u>\$ 54,353.83</u>	<u>\$ 15,253.24</u>

C. Capital Assets

Changes in the capital assets for the year ending December 31, 2018 were as follows:

	<u>Beginning 1/1/18</u>	<u>Additions</u>	<u>Retirements</u>	<u>Balance 12/31/18</u>
Capital Assets:				
Assets Not Being Depreciated				
Land	\$ 35,000.00	\$ -	\$ -	\$ 35,000.00
	35,000.00	-	-	35,000.00
Assets Being Depreciated				
Land Improvements	566,939.67	135,067	-	702,007.04
Buildings and Structures	3,142,464.53	76,915.57	-	3,219,380.10
Equipment	3,568,387.09	15,010.00	-	3,583,397.09
Total Capital Assets	<u>7,312,791.29</u>	<u>226,992.94</u>	-	<u>7,539,784.23</u>
Accumulated Depreciation:				
Land Improvements	429,842.43	20,514.17	-	450,356.60
Buildings and Structures	2,276,978.70	113,932.70	-	2,390,911.40
Equipment	2,553,029.19	161,375.87	-	2,714,405.06
Total Accumulated Depreciation	<u>5,259,850.32</u>	<u>295,822.74</u>	-	<u>5,555,673.06</u>
Net Capital Assets	<u>\$ 2,052,940.97</u>	<u>\$ (68,829.80)</u>	<u>\$ -</u>	<u>\$ 1,984,111.17</u>

**WEST CENTRAL WISCONSIN BIOSOLIDS FACILITY
ELLSWORTH, WISCONSIN
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018**

NOTE 2 DETAILED NOTES ON ASSETS, LIABILITIES AND NET POSITION (CONTINUED)

D. Net Position/Fund Balances

As previously discussed in Note 1.B, the Facility maintains its internal financial records on the basis of funds using the modified accrual basis of accounting. Fund balances of the Facility at December 31, 2018 consisted of the following individual fund balances:

Operating Fund	\$ -
Replacement Fund	1,541,715.66
Total Fund Balances	<u>\$ 1,541,715.66</u>

Operating Fund. Final adjustments of charges to users of the Facility (both members and non-members) were calculated to zero out the operating fund. Accordingly, the operating fund had no fund balance at December 31, 2018. The commission anticipates actual billings to members will provide sufficient working capital for the Facility.

Replacement Fund. The Facility established this fund to accumulate resources for major repairs and replacement of plant and equipment. An amount of \$300,000 was included in charges to be set aside in this fund during 2018.

**WEST CENTRAL WISCONSIN BIOSOLIDS FACILITY
ELLSWORTH, WISCONSIN
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018**

NOTE 3 OTHER INFORMATION

A. Wisconsin Retirement System Pension Plan Benefits

Plan Description. The WRS is a cost-sharing multiple-employer defined benefit pension plan. WRS benefits and other plan provisions are established by Chapter 40 of the Wisconsin Statutes. Benefit terms may only be modified by the legislature. The retirement system is administered by the Wisconsin Department of Employee Trust Funds (ETF). The system provides coverage to all eligible State of Wisconsin, local government and other public employees. All employees, initially employed by a participating WRS employer on or after July 1, 2011, and expected to work at least 1200 hours a year (880 hours for teachers and school district educational support employees) and expected to be employed for at least one year from employee's date of hire are eligible to participate in the WRS. The WRS issues an annual financial report which may be obtained by writing to the Department of Employee Trust Funds, P.O. Box 7931, Madison, WI 53707-7931.

Vesting. For employees beginning participation on or after January 1, 1990, and no longer actively employed on or after April 24, 1998, creditable service in each of five years is required for eligibility for a retirement annuity. Participants employed prior to 1990 and on or after April 24, 1998, and prior to July 1, 2011, are immediately vested. Participants who initially became WRS eligible on or after July 1, 2011, must have five years of creditable service to be vested

Benefits Provided. Employees who retire at or after age 65 (54 for protective occupation employees, 62 for elected officials and State executive participants) are entitled to receive an unreduced retirement benefit. The factors influencing the benefit are: (1) final average earnings, (2) years of creditable service, and (3) a formula factor.

Final average earnings is the average of the participant's three highest years' earnings. Creditable service is the creditable current and prior service expressed in years or decimal equivalents of partial years for which a participant receives earnings and makes contributions as required. The formula factor is a standard percentage based on employment category.

Employees may retire at age 55 (50 for protective occupation employees) and receive reduced benefits. Employees terminating covered employment before becoming eligible for a retirement benefit may withdraw their contributions and forfeit all rights to any subsequent benefits.

The WRS also provides death and disability benefits for employees.

Contributions. Required contributions are determined by an annual actuarial valuation in accordance with Chapter 40 of the Wisconsin Statutes. The employee required contribution is one-half of the actuarially determined contribution rate for general category employees, including teachers, and Executives and Elected Officials. Required contributions for protective employees are the same rate as general employees. Employers are required to contribute the remainder of the actuarially determined contribution rate.

**WEST CENTRAL WISCONSIN BIOSOLIDS FACILITY
ELLSWORTH, WISCONSIN
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018**

NOTE 3 OTHER INFORMATION (CONTINUED)

A. Wisconsin Retirement System Pension Plan Benefits (Continued)

Contributions (Continued).

Contribution rates as of December 31, 2018 are:

	<u>Employee</u>	<u>Employer</u>
General	6.70%	6.70%

The payroll for Facility employees covered by the WRS for the year ended December 31, 2018 was \$161,861; the employer's total payroll was \$162,817. The total required contribution for the year ended December 31, 2018 was \$21,817, which consisted of \$10,909 from the employer and \$10,908 from employees. Total contributions for the years ending December 31, 2017 and 2016 were \$21,690 and \$20,716 respectively, equal to the required contributions for each year.

Post-Retirement Adjustments. The Employee Trust Funds Board may periodically adjust annuity payments from the retirement system based on annual investment performance in accordance with s. 40.27, Wis. Stat. An increase (or decrease) in annuity payments may result when investment gains (losses), together with other actuarial experience factors, create a surplus (shortfall) in the reserves, as determined by the system's consulting actuary. Annuity increases are not based on cost of living or other similar factors. For Core annuities, decreases may be applied only to previously granted increases. By law, Core annuities cannot be reduced to an amount below the original, guaranteed amount (the "floor") set at retirement. The Core and Variable annuity adjustments granted during recent years are as follows:

<u>Year</u>	<u>Core Fund Adjustment</u>	<u>Variable Fund Adjustment</u>
2008	6.6%	0.0%
2009	(2.1)	(42.0)
2010	(1.3)	22.0
2011	(1.2)	11.0
2012	(7.0)	(7.0)
2013	(9.6)	9.0
2014	4.7	25.0
2015	2.9	2.0
2016	0.5	(5.0)
2017	2.0	4.0

B. Risk Management

The Facility is exposed to various risks of loss related to torts; theft of, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Facility maintains commercial insurance coverage covering each of those risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the Facility. Settled claims have not exceeded this insurance coverage in any of the past three fiscal years.
