INDEPENDENT AUDITORS' REPORT

The Biosolids Commission
West Central Wisconsin Biosolids Facility
Ellsworth, Wisconsin

Report on the Audit of the Financial Statements Qualified Opinion

We have audited the accompanying financial statements of the West Central Wisconsin Biosolids Facility, Wisconsin (Facility) as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the Facility's basic financial statements as listed in the table of contents.

In our opinion, except for the effects of the matter described in the "Basis for Qualified Opinion" paragraph, the financial statements referred to above present fairly, in all material respects, the respective financial position of the West Central Wisconsin Biosolids Facility, as of December 31, 2021, and the respective changes in financial position, and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Qualified Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the West Central Wisconsin Biosolids Facility and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

The Facility has not adopted GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*. Accounting principles generally accepted in the United States of America require that employers recognize a net pension liability or asset, and related deferred outflows, inflows, and pension expense, in accordance with the provision of GASB Statement No. 68. Additionally, accounting principles generally accepted in the United States of American require that employers include required disclosures pursuant to the same standard. The amount by which the departure would affect the asset, liability, deferred outflows of resources, deferred inflows of resources, net position, and expenses has not been determined.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the West Central Wisconsin Biosolids Facility's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of
 expressing an opinion on the effectiveness of West Central Wisconsin Biosolids
 Facility's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about West Central Wisconsin Biosolids Facility's ability to continue as a going concern for a reasonable period of time.

The Biosolids Commission
West Central Wisconsin Biosolids Facility

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Management has omitted a management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Facility's basic financial statements. The supplementary information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, except for the effects on the supplementary information of the qualified opinion, as explained in the "Basis for Qualified Opinion" paragraph, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the financial statements. The other information is comprised of the detail of member and non-member usages but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the West Central Wisconsin Biosolids Facility (the "Facility) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The significant accounting principles and policies utilized by the Facility are described below:

A. Reporting Entity

Eleven Wisconsin municipalities in West Central Wisconsin joined together in 1995 to provide for the construction, operation and continuing administration of a facility for the treatment, storage, disposal, recycling and/or sale of biosolids (sludge). The facility is formally referred to as the West Central Wisconsin Biosolids Facility (hereafter Facility). The municipalities are members of the Facility and have created a commission pursuant to Section 66.0301 (formally Section 66.30) of the Wisconsin Statutes to administer the Facility with said commission to operate as a governmental body under Section 19.82(1) of the Statutes. The individual members consist of the City of Amery, Village of Baldwin, Village of Ellsworth, City of Hudson, City of New Richmond, Village of Osceola, City of Prescott, City of River Falls, Village of Roberts, Village of Somerset and Village of Spring Valley.

Funding for operations and debt service of the Facility is to be provided by users of the Facility (both members and non-members) based on contracts for use of the processing facility – see Note 2.B.1. Funding for construction of the processing facility was initially provided by its members as discussed in Note 2.D. This funding was repaid by the Facility through its user charges. As of December 31, 2021 the Facility was providing services to ten non-members.

The contracts entered into by the members for the establishment and operation of the Facility specifically state that the Facility is not a joint venture of the municipalities. The individual members' contracts for use of the facility severely restrict a member's withdrawal during the initial twenty years. The contracts further stipulate that the Facility may terminate a member's contract for just causes and, in the event of such termination, shall have no responsibility to repay any capital contributions to the member.

The Facility is considered to be a "stand-alone government" as defined by GASB. The financial reporting entity of the Facility is defined by GASB to consist of (a) the stand-alone government, (b) organizations for which the stand-alone government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the stand-alone government are such that the exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The basic financial statements of the Facility consist solely of the stand-alone government. No other organizations were identified for inclusion in the financial reporting entity of the Facility.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Presentation

The Facility maintains its internal financial records on a fund basis (operating, asset replacement, debt service, construction) using the modified accrual basis of accounting to better identify its annual financial requirements for settlement with its users as called for in the users' contracts. Recovery of depreciation expense is not a component of user charges, while funding of debt repayment requirements, if any, are a component. It is the Facility's current policy to zero out its operating fund each year through year end billing adjustments to its contracted users.

For the financial statements presented here in accordance with provisions of GASB 34, as amended, the Facility is considered to be a business-type activity. Accordingly, the Facility's basic financial statements reflect year end net position and changes thereto in a manner similar to a private-sector business (on the full accrual basis of accounting.)

The basic financial statements of the Facility consist of the Statement of Net Position, the Statement of Revenues, Expenses, and Changes in Net Position, and the Statement of Cash Flows.

The Statement of Net Position presents information on all of the Facility's assets and liabilities, with the difference between the two reported as net position. The Statement of Revenues, Expenses, and Changes in Net Position present information showing how the Facility's net position changed during the year. The Statement of Cash Flows presents information on the cash flows of the Facility during the fiscal year. It is a good indicator of whether or not enough cash flow is being generated during the fiscal year to meet the operating needs of the Facility.

C. Measurement Focus and Basis of Accounting

The Facility's basic financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place. Non-exchange transactions, in which the Facility gives or receives value without directly receiving or giving equal value in exchange, include grants, entitlements, and donations. Revenue from grants, entitlements, and donations, if any, is recognized in the fiscal year in which all eligibility requirements have been satisfied.

The Facility distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the Facility's principal ongoing operations. The principal operating revenues of the Facility are charges for services. Operating expenses include the costs of services provided, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus and Basis of Accounting (Continued)

The preparation of the basic financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in financial statements and accompanying notes. Actual results could differ from those estimates.

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Equity

1. Deposits and Investments

Investments of the Facility are stated at fair value. The Facility's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from date of acquisition.

The Facility is required to invest its funds in accordance with Section 66.0603 of the Wisconsin Statutes. Such statutes permit the Facility to invest available cash balances in time deposits of authorized depositories, U.S. Treasury obligations, U.S. agency issues, high grade commercial paper, and the local government pooled-investment fund administered by the state investment board.

2. Receivables

Accounts Receivable. All accounts receivable are shown at gross amounts with uncollectible amounts, if any, recognized under the allowance method. No allowance for uncollectible accounts has been provided since such allowance would not be material.

3. Other Assets

Other assets consist primarily of chemicals and materials used in the treatment process and are recorded at cost using the first in-first out method.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Equity (Continued)

4. Capital Assets

Capital assets are reported at actual cost or estimated historical costs and are updated for additions and removals during the year.

Capitalization thresholds (the dollar valued above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets reported in the basic financial statements are as follows:

	Capitalization Threshold	Depreciation Method	Estimated <u>Useful Life</u>
Site Improvements Buildings and Structures	\$2,500 \$2,500	Straight-line Straight-line	28 Years (thru 2025) 28 Years (thru 2025)
Equipment	\$2,500	Straight-line	5-28 Years

5. Restricted Assets

Mandatory segregations of assets are presented as restricted assets. Such segregations are required by the members' loan agreements with the State of Wisconsin and by the user contracts with other external parties. Current liabilities payable from these restricted assets are so classified.

6. Compensated Absences

The Facility's policy does not generally allow accumulated employee vacation and sick leave to vest. Unused accumulated sick leave is forfeited upon retirement or termination of employment. Accumulated benefits are recorded as expenditure in the year used. The Facility had no significant liabilities for employee leave at December 31, 2021.

7. Long-Term Obligations

Outstanding long-term debt and other long-term obligations are reported as liabilities.

8. Equity Classifications

Fund equity is classified as net position in the basic financial statements and is displayed in three components. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on its use through external restrictions imposed by creditors, grantors or laws or regulations of other governments. All other net position is displayed as unrestricted.

NOTE 2 DETAILED NOTES ON ASSETS, LIABILITIES, AND NET POSITION

A. Deposits and Investments

The Facility's balances at individual financial institutions were subject to coverage under federal depository insurance and amounts appropriated by Sections 20.144(1)(a) and 34.08 of the Wisconsin Statutes (State Guarantee Fund). Federal depository insurance provides for coverage of up to \$250,000 for time and savings deposits and an additional \$250,000 for demand deposits at any institution. In addition, funds held for others (such as trust funds) are subject to coverage under the name of the party for whom the funds are held. Coverage under the State Guarantee Fund may not exceed \$400,000 above the amount of coverage under federal depository insurance at any institution and is limited by the availability of the appropriations authorized therein. (Due to the relatively small size of the State Guarantee Fund in relation to the total coverage, total recovery of losses may not be available.) Also, Section 34.07 of the Wisconsin Statutes authorizes the Facility to collateralize its deposits that exceed the amount of coverage provided by federal depository insurance and the State Guarantee Fund.

Custodial credit risk for deposits is the risk that, in the event of bank failure, the Facilities' deposits may not be returned. At December 31, 2021, the Facility deposits were not exposed to custodial credit risk.

B. Receivables, Payables and Unearned Revenue

1. Receivables and Payables from Members and Non-Members

As previously mentioned in Note 1.A., revenues for operations and debt retirement are provided through contracts with members and non-members. Monthly invoices are prepared based on actual transportation costs and budgeted processing costs per processed pound. Annual billings are subject to an adjustment at year end based on total actual operating costs incurred by the facility through year end. The final billing adjustments for the year ending December 31, 2021 are reflected in the Facility's financial statements for the year then ended as shown below. A detail of actual charges for services and the calculation of the final adjustments to billings are shown in supplementary Schedules C-1 to C-5.

NOTE 2 DETAILED NOTES ON ASSETS, LIABILITIES AND NET POSITION (CONTINUED)

B. Receivables, Payables and Unearned Revenue (Continued)

1. Receivables and Payables from Members and Non-Members (Continued)

Balances due from and to members and non-members at December 31, 2021 were as follows:

Member Facilities:	Receivable	Payable	
Final Billing Adjustments	\$ -	\$	33,190.24
Unpaid Billings	237,412.25		-
	\$ 237,412.25	\$	33,190.24
Non-Members:			
Unpaid Billings	\$ 54,294.64	\$	-
Final Billing Adjustments	-		8,174.40
	\$ 54,294.64	\$	8,174.40

C. Capital Assets

Changes in the capital assets for the year ending December 31, 2021 were as follows:

	Beginning			Balance
	1/1/21	Additions	Retirements	12/31/21
Capital Assets:				
Assets Not Being Depreciated				
Land	\$ 35,000.00	\$ -	\$ -	\$ 35,000.00
Construction Work in Progress	-	17,169.00	-	17,169.00
	35,000.00	17,169.00	-	52,169.00
Assets Being Depreciated				
Land Improvements	702,007.04	-	-	702,007.04
Buildings and Structures	3,225,455.10	22,089.00	-	3,247,544.10
Equipment	3,811,389.59	63,562.00	-	3,874,951.59
Total Capital Assets	7,773,851.73	102,820.00	-	7,876,671.73
Accumulated Depreciation:				
Land Improvements	498,136.94	23,890.00	-	522,026.94
Buildings and Structures	2,600,822.80	105,767.00	-	2,706,589.80
Equipment	2,989,150.64	138,454.00	-	3,127,604.64
Total Accumulated Depreciation	6,088,110.38	268,111.00	-	6,356,221.38
Net Capital Assets	\$ 1,685,741.35	\$ (165,291.00)	\$ -	\$ 1,520,450.35

NOTE 2 DETAILED NOTES ON ASSETS, LIABILITIES AND NET POSITION (CONTINUED)

D. Net Position/Fund Balances

As previously discussed in Note 1.B, the Facility maintains its internal financial records on the basis of funds using the modified accrual basis of accounting. Fund balances of the Facility at December 31, 2021 consisted of the following individual fund balances:

 Operating Fund
 \$

 Replacement Fund
 2,694,941.93

 Total Fund Balances
 \$ 2,694,941.93

Operating Fund. Final adjustments of charges to users of the Facility (both members and non-members) were calculated to zero out the operating fund. Accordingly, the operating fund had no fund balance at December 31, 2021. The commission anticipates actual billings to members will provide sufficient working capital for the Facility.

Replacement Fund. The Facility established this fund to accumulate resources for major repairs and replacement of plant and equipment. An amount of \$475,000 was included in charges to be set aside in this fund during 2021.

NOTE 3 OTHER INFORMATION

A. Wisconsin Retirement System Pension Plan Benefits

Plan Description. The WRS is a cost-sharing multiple-employer defined benefit pension plan. WRS benefits and other plan provisions are established by Chapter 40 of the Wisconsin Statutes. Benefit terms may only be modified by the legislature. The retirement system is administered by the Wisconsin Department of Employee Trust Funds (ETF). The system provides coverage to all eligible State of Wisconsin, local government, and other public employees. All employees, initially employed by a participating WRS employer on or after July 1, 2011, expected to work at least 1,200 hours a year (880 hours for teachers and school district educational support employees) and expected to be employed for at least one year from employee's date of hire are eligible to participate in the WRS.

ETF issues a standalone Annual Comprehensive Financial Report (ACFR), which can be found at http://etf.wi.gov/publications/cafr.htm.

Vesting. For employees beginning participation on or after January 1, 1990, and no longer actively employed on or after April 24, 1998, creditable service in each of five years is required for eligibility for a retirement annuity. Participants employed prior to 1990 and on or after April 24, 1998, and prior to July 1, 2011, are immediately vested. Participants who initially became WRS eligible on or after July 1, 2011, must have five years of creditable service to be vested.

NOTE 3 OTHER INFORMATION (CONTINUED)

A. Wisconsin Retirement System Pension Plan Benefits (Continued)

Benefits Provided. Employees who retire at or after age 65 (54 for protective occupation employees, 62 for elected officials and executive service retirement plan participants, if hired on or before December 31, 2016) are entitled to a retirement benefit based on a formula factor, their final average earning and creditable service.

Final average earnings is the average of the participant's three highest annual earnings periods. Creditable service includes current service and prior service for which a participant received earnings and made contributions as required. Creditable service also includes creditable military service. The retirement benefit will be calculated as a money purchase benefit based on the employee's contributions plus matching employer's contributions, with interest, if that benefit is higher than the formula benefit.

Vested participants may retire at or after age 55 (50 for protective occupations) and receive an actuarially-reduced benefit. Participants terminating covered employment prior to eligibility for an annuity may either receive employee-required contributions plus interest as a separation benefit or leave contributions on deposit and defer application until eligible to receive a retirement benefit.

The WRS also provides death and disability benefits for employees.

Contributions. Required contributions are determined by an annual actuarial valuation in accordance with Chapter 40 of the Wisconsin Statutes. The employee required contribution is one-half of the actuarially determined contribution rate for General category employees, including Teachers, Executives and Elected Officials. Starting on January 1, 2016, the Executives and Elected Officials category was merged into the General Employee Category. Required contributions for protective employees are the same rate as general employees. Employers are required to contribute the remainder of the actuarially determined contribution rate. The employer may not pay the employee required contribution unless provided for by an existing collective bargaining agreement.

For the year ended December 31, 2021, the WRS recognized \$12,483 in contributions from the employer. Contributions for the years ended December 31, 2020 and 2019 were \$23,008 and \$21,847, respectively.

Contribution rates as of December 31, 2021 are:

	Employee	Employer
General	6.75%	6 75%

NOTE 3 OTHER INFORMATION (CONTINUED)

A. Wisconsin Retirement System Pension Plan Benefits (Continued)

Post-Retirement Adjustments. The Employee Trust Funds Board may periodically adjust annuity payments from the retirement system based on annual investment performance in accordance with s. 40.27, Wis. Stat. An increase (or decrease) in annuity payments may result when investment gains (losses), together with other actuarial experience factors, create a surplus (shortfall) in the reserves, as determined by the system's consulting actuary. Annuity increases are not based on cost of living or other similar factors. For Core annuities, decreases may be applied only to previously granted increases. By law, Core annuities cannot be reduced to an amount below the original, guaranteed amount (the "floor") set at retirement. The Core and Variable annuity adjustments granted during recent years are as follows:

	Core Fund	Variable Fund
Year	Adjustment	Adjustment
2011	(1.2)	11.0
2012	(7.0)	(7.0)
2013	(9.6)	9.0
2014	4.7	25.0
2015	2.9	2.0
2016	0.5	(5.0)
2017	2.0	4.0
2018	2.4	17.0
2019	0.0	10.0

B. Risk Management

The Facility is exposed to various risks of loss related to torts; theft of, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Facility maintains commercial insurance coverage covering each of those risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the Facility. Settled claims have not exceeded this insurance coverage in any of the past three fiscal years.

WEST CENTRAL WISCONSIN BIOSOLIDS FACILITY ELLSWORTH, WISCONSIN CONVERSION OF TOTAL FUND BALANCES TO NET POSITION DECEMBER 31, 2021

Total Fund Balances - (Schedule B-1)

\$ 2,694,941.93

1,520,450.35

Required adjustments to convert Facility's modified accrual basis fund financial statements to full accrual financial statements:

Capital Assets not Included in Fund Financial Statements:

Land	\$ 35,000.00
Land Improvements	702,007.04
Buildings and Structures	3,247,544.10
